 IEB Actions from 28th January 2020 185 - PP; Strategy to be presented to next FGB. AK provided a detailed update that although a written strategy has not been completed, SLT are in discussion, primarily to determine what a disadvantaged or vulnerable child is and what their barriers to learning are. There is a need to significantly improve the quality of teaching and learning for these pupils and SLT are thinking long term strategic planning to address the quality of teaching & learning to enable impact on pupil premium spending. A pupil survey has been sent out to understand which pupils need the support, particularly in light of COVID challenges and changes in circumstances. <i>Q/. A governor questioned if the strategy will be a one or three year plan.</i> <i>A/. AK confirmed it will be a three year plan.</i> <i>A/. A governor asked it the school had considered disadvantaged pupils to include those who are not entilled to Free School Meals (FSM), and to use Pupil Premium for the whole school strategy.</i> <i>A/.AK agreed that was why the school is seeking to define those children who might fall into the disadvantaged and vulnerable groups.</i> It was noted this would be followed up with the PP governor once allocated. IEB Actions from 28th February 2020 198 - Contact county to undertake an assessment of the temperature of the classrooms upstairs, to enable a solution: <i>in hand & under review.</i> IEB Actions from 5th June 2020 215 - AK to undertake a staff questionnaire based on the climate review outcomes. Update: Actioned. AK summarised the significant findings, concerning regularity of feedback on performance, including understanding the SLT operation; the IEB/ GB being largely unknown; concerns re pride at work and respect, although this is largely an individual response and therefore skews the data. Generally the survey presented a positive picture and once actions have been implemented, a follow up survey will be conducted to consider	Action 185 update: AK to send headlines for PP strategy to FGB.

raised with the H&S link governor. Rather than try to cover all	
business each meeting, each meeting will have a focus. AK talked	
through how he saw his HT report changing each month, to reflect the	
current focus.	
Q/. A governor questioned whether Ofsted readiness would also be a	
focus; specifically from a governor perspective and the evidence which	
the FGB will need to collate and provide at inspection.	
A/. AK considered that evidence should also be built upon in	
monitoring visits; the reports will form the evidence.

viii Governor visits / monitoring activity - TH questioned if there was a	
formal governor monitoring calendar.	
The Chair asked if TH could cover this under the roles &	
responsibilities training.	
TH confirmed this could be added to the training and in the meantime would send to ET the Remote Monitoring Guidance.	
Considering remote monitoring, it was recommended that governors	
would be expected to ask for meetings with relevant staff via zoom, in	
between FGB meetings.	
ix Governor Action Plan – The Chair thanked TH for her work on the	
action plan and invited comments.	
TH explained the plan was designed to ensure a smooth transition	
from the IEB and move the GB forward. She recommended that now

B fo	r Burwell Village College (Primary) – Meeting Minutes 10 th November 2020	
	Target tracker has been purchased and teachers are being trained on its use. Governor log ins can be provided to access anonymised data. A questionnaire has been sent to pupils for pupil voice; results will be discussed at the next FGB. The children are running the	
	Remembrance Day assembly, this will be videoed and posted on the	
	website. A SEND meeting will take place on 11/11/20, governors are invited to	
	access the zoom meeting. This is a follow up from the parents meeting and development of the SEND strategy.	
	The Chair acknowledged the success of the parents meeting, which was well received; she complimented staff on the format and how SLT had reacted to the questions being raised, answering them in a timely	
	way. Q/. Referencing the ASP data, a governor questioned if this was for information or discussion and were the 3 year trends taken into	
	account.	
	A/. AK clarified the data was for information, as it is more useful to use live data. As there will be no data recorded for 2019-20, the bigger focus will be for pupils in school and whether they are making	
	progress. Q/. A governor referenced CPD and support plans and asked for clarification as to the numbers.	
	A/. AK confirmed that 3 support plans are being put in place.	
	Q/. A governor asked how accurate the writing moderation data is, given historical issues in this.	
	A/. AK clarified that it is variable; this has been a development area for teachers, with subject knowledge and practice of moderation being	
	addressed.	
	Q/. A governor questioned if target tracker was being used as a diagnostic tool, or just for data.	
	A/. AK explained that target tracker has two sides to it; summative	
	assessment and diagnostic gap analysis data.	
	Q/. A governor added that this can be used to help the teacher, but questioned what support is in place for teaching staff to utilise this.	
	A/. AK confirmed that training will be provided on its uses; part of the	
	staff development programme involves coaching, training, new	
	planning formats and expectations of complying with teaching standards. A significant amount of support is provided by SLT and within PPA time.	
	Q/. A governor observed the inconsistencies across teaching staff and	
	queried how staff will use the data. A/. AK explained SLT have the skills to improve the quality of	
	teaching, bespoke training and coaching is in place for all staff.	
	Q/. A governor questioned if there is a formal monitoring schedule in place for teachers.	
	A/. AK confirmed there is. These are detailed on the subject plans.	
	Q/. Referencing the plans, a governor noted that both Writing and English plans are detailed, but SEND stops after half term.	
	A/. AK noted that this will be updated.	
	Q/. A governor questioned if the applicants for the teaching vacancies	
	had potential. A/. AK confirmed that it is likely 3 will be invited for interview.

	Q/. Referencing the English Plan, a governor asked if the impact was	
	being captured anywhere and what this might lead to in future.	
	A/. CMcN clarified that notes of drop ins and observations are made.	
	Questionnaires have been sent to teachers and TAs and a meeting	
	has been planned to review this information and carry out book looks	
	later in the term.	
	Q/. Referring to attendance, a governor noted that whilst the overall	
	attendance is good, the persistent absence figure is high and should	
	be addressed.	
	A/. AK advised that it was unclear why this was so high; the	
	questionnaire being sent to pupils may clarify why this might be, as it	
	is thought vulnerable pupils may have been affected by COVID more	
	than others, although absence is not directly related to COVID.	
	Q/. A governor suggested this needs to be addressed and further	
	analysis carried out; the expectation is that all pupils should now be in	
	school, therefore the persistent absence figure needs to reduce.
