

4<sup>th</sup> December 2023

Dear Parents, Grandparents and Carers,

### **Design and Technology Volunteers**

At Burwell, we believe that involving members of the community in our pupils' learning has a significant impact. Not only does it allow students to showcase their learning and achievements, but it also enables volunteers to experience the pupils' learning journey first-hand.

One area where your involvement would be appreciated is in our Design and Technology classes. These sessions are designed to encourage creativity, problem-solving and hands-on learning. Therefore, we are seeking volunteers from the community to support classes, across the school, during practical cooking and nutrition lessons. These sessions take place on a Monday, Tuesday and Wednesday afternoon. (Please note that practical sessions do not take place every week)

We understand that everyone has different commitments so any amount of time that you can spare would be greatly appreciated. If you are interested in becoming a Design and Technology volunteer on any of the afternoons mentioned above, please inform a member of staff at the Office. After Friday 8<sup>th</sup> December 2023, a member of staff will be in contact to discuss the finer details.

Thank you for considering this opportunity to make a positive impact on the children's learning in Design and Technology.

Regards,

*K L Williamson*  
Miss Williamson  
DT Subject Leader
