Year 6 First Aid Workshop – Thursday 5th June

Dear parents and carers,

On Thursday 5th June, Mini First Aid are coming to meet the children and provide an informative and interactive workshop.

The workshop will teach the children how to remain calm and be helpful in an emergency. During the workshop, the children will learn what information is useful to provide during a 999 call. By the end of the workshop, the children will know how to perform CPR and how to provide basic first aid for bleeding, head bumps, burns and choking. Children will also learn how to support unconscious casualties.

Everyone will receive a first aid workbook and a certificate following the session.

Regards,

K. Mansfield
