

12th June 2024

Primary Maths Challenge – Soham Village College

Dear Parents/Carers

Your child has been chosen to take part in a Primary Maths Challenge which is being held at Soham Village College on Friday 21st June 2024. Due to the small group of children attending, it would be very much appreciated if parents could arrange their own transport to and from the event. Pupils need to arrive at Soham Village College at 8.45 am for a prompt 9.00 am start. Please meet Mrs Harvey at the entrance to the school at the Lodgeside side (near Ross Peer's Sports Centre). The challenge is expected to finish at 12 Noon. Please arrive to collect children at this time, Mrs Harvey will remain with the children until they have been collected at the end of the event.

During the morning, students will be involved in working together as a team to complete mathematical puzzles from mathematical crosswords to competing in a maths relay with other teams from feeder schools within the surrounding area. The morning will end with final scores and a certificate ceremony.

There will be an opportunity for a morning break, so please make sure that your child brings a snack and a water bottle in with them. The children will also need to bring a packed lunch which they will be able to have on their return to school. If your child has a free school meal please order this via the school office, prior to the event and it will be ready when they return. Any medication that the children normally keep in school will be taken to the event by Mrs Harvey.

Please could you complete the consent form (attached) and return it to the school office including details of who is dropping off and collecting your child with a contact telephone number in case of emergency.

If you have any questions about the day, please do not hesitate to get in contact. We really appreciate you supporting us with the transport for this trip and hope that the teams enjoy the challenge whilst representing our school

Yours sincerely

Mrs G Harvey
