

Drawing - Figures

Figure drawings is the art of drawing a human figure. Lowry didn't draw features on his human figures—they were similar to matchstick men. His work was known as 'Realism'— a movement of art focusing on painting and drawing in a natural, realistic manner.

Influential Artist
Lowry was an English artist, who was born in 1887. He is famous for painting scenes of real life. He is well-known for his use of stylised figures, which cast no shadows, and lack of weather effects in many of his landscapes.
