theme	the main topic or idea that the quiz is about
diagnostics	using quizzes to find out what you're good at and what you need to work on
type of quiz	the kind of quiz it is, e.g. a fun or information gathering quiz
target audience	the people who will take the quiz

Digital Quizzes

A digital quiz is a fun and interactive set of questions made on a computer or tablet using programs like PowerPoint.

Quizzes have a theme and a purpose to help guide what kind of questions they include.

Digital quizzes are created for four main reasons:

- To collect information
- To help review and remember learning
- To check what you understand
- To provide fun and entertainment

Hyperlinks and Multimedia

Hyperlinks are clickable links in a quiz that take you to different slides or a website. They make the quiz interactive by letting you jump to the right question or answer easily.

Multimedia is using different types of media like pictures, sounds and videos in your quiz. These make the quiz more fun and help people understand better.
