

Key Vocabulary

earn	get money for completing work
save	not spending money
employer	a company or person who hires someone to work for them
employee	the name for the person who works for someone else or a company
exchange	give money to someone in return for something they have
service	completing some work for someone in exchange for money

People can choose the kind of job they would like to do. There are lots of different jobs like being a doctor, teacher, builder, photographer, policeman, plumber and more.

People get paid for the work they do at their jobs.

Once people get paid, they have to decide whether to **spend** or **save** their money.

Wants and Needs

People may spend their money on:

- bills (need)
- food (need)
- clothes (need)
- toys (want)
- pets (want)
- treats (want)

Savings

People may save their money to pay for something more expensive.

- expensive trainers
- new car
- holiday
- iPad
