Enterprise - Brighten Up Burwell

Community is the word for a group of people who have things in common.

They might live in the same area, go to the same school, do the same activities or have similar backgrounds.

We can be a part of many different groups or communities at the same time.

You could be a member of a club, or live in the same neighbourhood as other people.

Why are communities important?

Being a part of different communities is a great way of making new friends, connecting with different people, learning new things and sharing ideas.

As members of a community, we can help each other and work to make our community a safe and happy place.
